Vacancy- Carriage Fitter.

The West Somerset Railway is among the leading heritage railways in the country and has been awarded several major national awards.

A full time vacancy exists for a person to maintain railway carriages.

Preference will be given to applicants who have the following experience and skills:-

- Experience of BR Mk1 vehicle maintenance.
- Experience of railway vacuum brake systems.
- Network Rail (or WSR) PTS certificate.
- Fork lift truck driving qualification.

The work will be based at Minehead. The hours will be 40 per week, some of which will be weekend.

Salary will depend upon experience.

Closing date for applications is 24th August 2016.

To apply, please write enclosing CV, employment history and details of relevant experience to:-
